Task 4 Dec 1 Submit paper The Lancet

Task 5 Nov 19 - Nov 30 finalizing results

Task 6 Nov 30 – Dec 12 write paper

Task 7 Dec 12 send paper to co-authors

Grey Area

- Extension of the contract for 2 months
- Use >300 hours holidays
- Extend contract as guest researcher
- Start working
- Philips contract

- Prof Watz (Pulmonary Research Institute Grosshansdorf) offered me to analyze data from 28 subjects with COPD, data from PLS and a activity monitor
 - Very important to validate the last paper (analysis could be included)
- Prof. Wouters (CIRO) offered me to analyze data from 10000 patients with COPD (Maastricht study) screened for OSA
 - Unique opportunity
- I have another work almost ready (Smart Stethoscope for which a patent was filed) that I would like to publish.
