

List of tables

Table I Extensibility assessing CRNT+ for adding components.....	12
Table II Overview on the rehabilitation exercises and parameter ranges estimated.....	23
Table III Performance classes, feedback and condition used to identify exercise quality.....	24
Table IV General characteristics of patients with COPD (n=1001)	42
Table V Daily physical activity measures during weekdays in patients with COPD	43
Table VI Characteristics and physical activity measures of clusters of patients with COPD....	53
Table VII Nocturnal and daytime sleep measures derived from actigraphy data.....	63
Table VIII Demographic and clinical characteristics	71
Table IX Demographic and clinical characteristics of patients	72
Table X Quartiles of night sleep variables	76
Table XI Subject group characteristics.....	89
Table XII Features selected for each intensity and associated levels.....	91
Table XIII Routine matrix.....	95
Table XIV Subject group characteristics	106
Table XV Variables selected for each intensity and associated symbols	109
Table XVI Features used for cluster analysis	121
Table XVII Daily physical activity measures after stratification for seasons of the year	130
Table XVIII Characteristics and physical activity measures (stratification for country)	132
Table XIX Area under the curve from daily physical activity hourly patterns	138
Table XX Daily physical activity measures (stratification for age groups)	141
Table XXI Daily physical activity measures (stratification for sex).....	143
Table XXII Daily physical activity measures (stratification for BMI classification).....	144
Table XXIII Daily physical activity measures (stratification for dyspnea grades)	146
Table XXIV Daily physical activity measures (stratification for long-term oxygen therapy) ..	148
Table XXV Daily physical activity measures (stratification for DLCO groups).....	150
Table XXVI Daily physical activity measures (stratification for ADO index groups)	152
Table XXVII Daily physical activity measures (stratification for GOLD 2007 classification) ...	154
Table XXVIII Daily physical activity measures (stratification for GOLD 2011 classification) ..	157
