

3.8 Conclusion and future work .....	35
<b>4 Physical activity patterns and clusters in 1001 patients with COPD .....</b>	<b>37</b>
4.1 Introduction .....	38
4.2 Materials and methods .....	39
4.2.1 Assessment of demographics, anthropometrics, lung function, and clinical data	39
4.2.2 Selection of waking hours recordings.....	39
4.2.3 Stratification of physical activity measures .....	39
4.2.4 Sample size calculation .....	40
4.2.5 Daily physical activity after stratification for seasons of the year .....	40
4.3 Study design and participants .....	40
4.3.1 Assessment.....	41
4.3.2 Statistical analyses.....	41
4.4 Results.....	42
4.4.1 General characteristics.....	42
4.4.2 Daily Physical Activity Measures and Physical Activity Hourly Patterns.....	43
4.4.3 Stratification for Generic and COPD-specific Characteristics.....	44
4.4.4 Cluster Analysis of Daily Physical Activity Measures in 1001 Patients with COPD.	48
4.5 Detailed Analyses of the Components Identified in the PCA .....	55
4.6 Discussion .....	55
4.6.1 Daily Physical Activity Measures and Physical Activity Hourly Patterns in COPD ..	55
4.6.2 Clusters of Patients with COPD Based on Daily Physical Activity Measures .....	56
4.6.3 Clinical relevance .....	57
4.6.4 Strengths and Methodological Considerations .....	58
4.7 Conclusion.....	58
<b>5 Estimated nocturnal sleep impairment in patients with COPD in daily life and its association with daytime physical activity .....</b>	<b>59</b>
5.1 Introduction .....	60
5.2 Material and methods.....	61
5.2.1 Participants .....	61
5.2.2 Sensor measurements.....	61
5.2.3 Data recordings .....	61
5.2.4 Algorithm .....	63
5.3 Statistical analysis.....	69
5.4 Results.....	70
5.4.1 Sleep measures evaluation in patients with COPD .....	73
5.4.2 Association between objective sleep measures and daytime physical activity .....	74
5.5 Discussion .....	78
<b>6 Identifying physical activity profiles in COPD patients using topic models .....</b>	<b>83</b>
6.1 Introduction .....	84
6.2 Related works .....	85
6.2.1 COPD Ambulatory Monitoring .....	85
6.2.2 COPD Physical Activities .....	85
6.2.3 Symbolic Representation of Data .....	85
6.2.4 Probabilistic Unsupervised Modelling .....	86
6.3 Background .....	86
6.4 Methods.....	87
